BOLTONHD-4D

180° Bolt-on 4D adjustable hinge

This 180° hinge can be installed quickly without any welding. The BOLTON-HD-4D offers the same advantages as the Locinox GBMU hinge-line: vandal protection; a lot of adjustability (height, depth, and gap between gate and post); one part fits left or right handed gates. BOLTONHD-4D is available in M12 and M16, and always in 2 versions: one with Quick-Fix on both sides and one with Quick-Fix on the post, and on gate side a bolt through fixing for gate frames from 1.6" to 2.4".

Specifications

- Easy to fix with Quick-Fix or bolt through fixing
- Vandal-proof eyebolt & crossbolt
- 180° opening
- Eliminates the need to stock left and right swinging gates
- 9/16" adjustable in height
- 1" adjustable in depth
- U clamp and GRIP in aluminium
- Hot-dip galvanized eyebolt and crossbolt
- Max width of the gate: 6-1/2 ft
